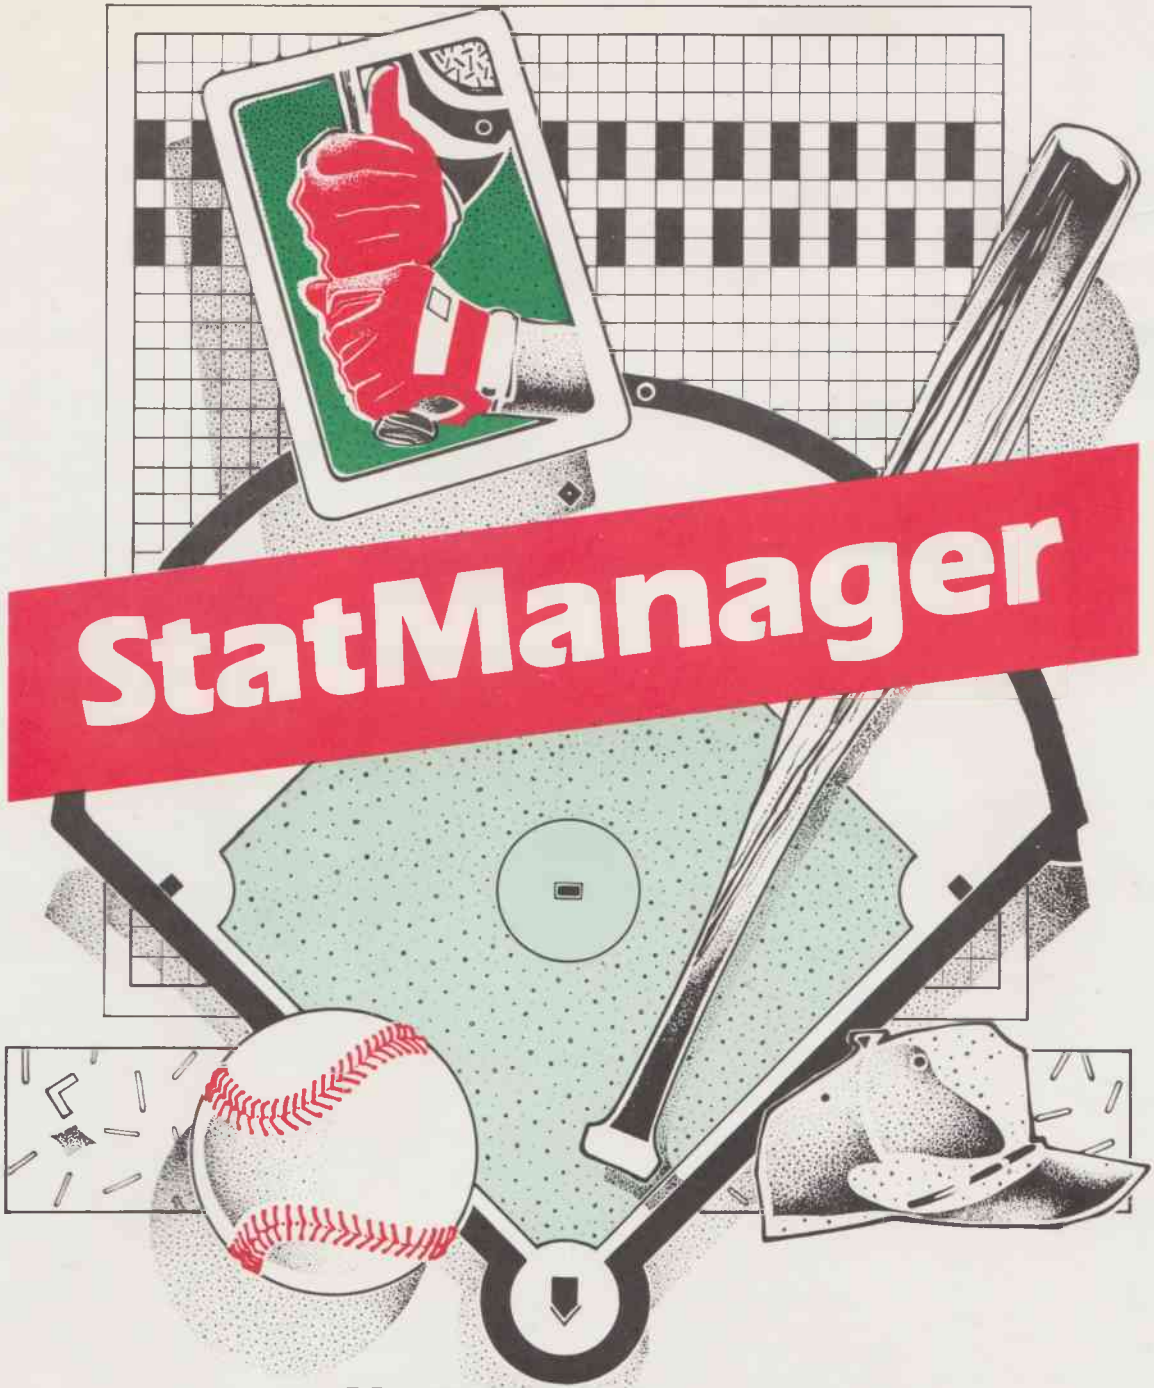
StatManager

Software Simulations



COMPUTER SOFTWARE
FOR BASEBALL & SOFTBALL COACHES & STATISTICIANS

Finally! A system that enables you to keep your player statistics up to date, easily and automatically!

StatManager

- Easy to learn and set up, even if you're not a computer whiz —software has a well-written, straightforward manual and on-screen instructions
- Easy to use, with clear, easy-to-follow menus
- Track players on more than 15 teams in a single file
- Useful preformatted stat reports for ease of reference and printing
- Works with all popular printers (daisywheel or dot matrix)

Stats available

BATTING/OFFENSIVE:
- At bats
- Right/left/switch hitters
- Singles/doubles/triples /home runs
